Subject: RE: I-JOBS application #135, Hospital Foundation

Terri-

I'm forwarding a new federal funding verification document to satisfy a requirement for the Hospital Foundation of Crawford County's grant application to the I-Jobs program.

We used the wrong word choice in the previous e-mail exchange – overthinking can make things complicated I guess. We called USDA and Theresa Jordison is out of the office for the remainder of the day. Would you like me to forward to you Theresa's response back to this e-mail once we receive it tomorrow to further clarify? Or will the message below suffice? Please let me know if you need anything else.

Thank you.
Becky

Subject: I-JOBS Application

Theresa Jordison, Area Director, USDA Rural Development
Atlantic, Iowa 50022

Hi Theresa,
As we discussed, the Hospital Foundation of Crawford County intended and did in fact submit an I-JOBS application for the benefit of Crawford County Memorial Hospital in the amount of \$14,000,000. If the Foundation would be so fortunate to receive funds from this grant there is the potential of duplication of federal benefits if our loan application with the USDA loan Guarantee Program is also approved. If both programs are approved there is the possibility that we would reduce our borrowings under the UDSA Loan Guarantee Program.

Thank you once again for your assistance.

Nancy J. Carlson
